162	Amazing Grace	Cool portrait. Would love to see the music in focus and the rest of the DOF blurred a bit.	3	3	5	11	
166	McCormick Deering	Like this image, would be even better if you turned down the brightness. It is a bit overexposed and doesn't show the depth of the tractor parts and landscape in the background.	1	2	4	7	
177	The Great Lakes National Cemetery-At Jonesville Michigan	I like this picture and think the composition is good. I do feel the colors were oversaturated.	2	3	3	8	
185	The Beauty of Oia Santorini	Very nice picture. Makes me want to be there! Love the colors and composition. Could sharpen up a bit.	3	4	5	12	
215	Grandpa's Shop	Love this shop! Such a cool picture. I would love to see the blacks increased and shadows bumped up to create more depth and also add some sharpening to make the shop pop.	3	4	5	12	
224	Colorful Kayaks	Love the colors! Would like to see the entire kayak, to crop less. Also some image sharpening and defined focal point.	2	3	5	10	
225	Summer Citrus	I think this is an interesting picture. Love the texture. Would like to see the rule of thirds in play, maybe moving the scene a bit.	3	2	4	9	
239	Flower Child	Cute baby! I noticed the focus is more on the flowers and not on the babies eye region. Would like to see the skin a little more warm and less yellows. Baby skin is tough! Nice job.	1	3	4	8	
241	Christian Bling	Interesting image and technique. I would like to see the items in the focal point sharpened up. Maybe clone out the wire as well.	1	3	3	7	
244	The Musicians	I think this is a cool picture! I would probably change the composition just a bit and not cut off part of the man on the far right. Also, you may be going for this look but I noticed a lot of noise.	3	3	5	11	

245	<b>The Burning Bush</b>	Interesting image. Would probably be even better to take the burning effect away from the forrest and focus on the bush itself.	1	4	3	8
210	<b>Follow Me</b>	Love the DOF you achieved! The ducks are in perfect focus. Nicely done! The crop may hurt when attempting to print. The last duck would be cut out in certain ratios or canvas.	5	3	4	12 2
216	<b>Lasso Limelight</b>	Great composition, settings on the camera look perfect, no visible noise which is great for a night shot.	5	5	4	14 1

116	Nature Art	Great job following the rule of thirds. The image is interesting. The colors are a bit oversaturated.	3	4	4	11	
166	Cedar Lake	I think this is a lovely landscape. I love the sky, but I do notice some grain in the sky from noise. I would love to see it brightened up a bit.	2	4	4	10	
185	Hold That Pose	Very neat picture. I'd like to know what you did to create this. Very cartoonish and unique.	3	1	4	8	
216	READY, AIM, ....	Great DOF! Sharp and great color. I think think this is an excellent pic	5	5	4	14	
224	Bottles in the Window	I am in love with this picture. It is interesting, the color is superb, the s	5	5	5	15	1
225	Port of Newport, Oregon	This is a beautiful image. I would gladly hang this on my wall. I love it	5	5	4	14	2
239	The Best Present	Cute image. I would try to make the background less distracting, remd	1	3	4	8

100	A Sea of Clouds from the Mountain Top	Beautiful shot and composition. I do think it is a tad underexposed.	4	5	3	12	2
241	Who Are You Calling Ugly	Great use of rule of thirds. Would like to see eyes super sharp that stand out more since they are so pretty. Soft focus	2	4	3	9	
244	Just Passing Through	Love this image. Almost looks like a realistic painting. Great sharpness, DOF, rule of thirds, and great color.	5	5	5	15	1
245	And You Thought Snowmen Melted....	Neat concept. I would like to see it panned back just a little to show full body parts on snowmen.	4	3	4	11	
246	Warrior Woman	As a portrait photographer, I notice her feet are chopped off and her posing could be a bit more lady like by turning her to the side. She is also soft focus.	1	1	2	4

100	Serious Girl	Great composition/rule of thirds, I notice one eye is in focus and the other is not, would like to see both in focus. I would also bump down the highlights as the left side of her face is pretty hot highlight wise.	2	4	3	9	
185	Do What!	Cute subject. I would not crop in as much due to natural cropping in the print process, the horse's muzzle would be chopped off in various sizes or wrapped canvas. Great clarity and sharpness.	3	3	4	10	
216	Stunning in Sepia	Beautiful shot. Sharp and I like the crop. Technically great.	5	5	4	14	2
225	Jet Trails Over Crater Lake	Gorgeous capture. I love the detail in your landscape. I would hang this on my wall!	5	5	5	15	1
228	Lonely Balloon Man	I think this is a neat technique. I'd also love to see the original. I'm sure it would be fun to edit.	3	4	1	8	
239	Sleeping Angel	Love sweet babies! She needs to be sharper to pop more in the portrait, emphasize those new features like the eyelashes, lips, etc.	2	4	3	9	
241	My Socks Do Match	Adorable kitty. I would like her to pop more with sharpening and focus. Neat shot!	3	4	4	11	
244	Bolero	Beautiful horse. Would like to see more of its legs and its tail. I like Bokah but I think this could use a bit more blur as these stand out quite a bit. Nice and sharp!	4	3	3	10	
245	Ready to Take Dad's Place	I think this is a cool capture and creates interest. I would like to see it cropped less as I'm afraid this crop will create issues when printing various sizes.	4	3	5	12	
246	I See All	I love this shot and the angle of his head. I would like to see a bit more sharpness in	3	5	4	12

185	<b>The Silk Shop</b>	Very cool effect. Love the colors and composition. I would hang this on my wall. Almost like a watercolor. Beautiful!	4	5	5	14	2
225	<b>Caught in the Creek</b>	Great depth of field, maybe a bit bright or oversaturated. Neat picture.	3	4	3	10	
228	<b>Summer is Gone</b>	Very unique effect. Love the sharpness and flow. Cool picture!	4	4	4	12	
244	<b>Turquoise Cowboy</b>	Awesome picture! I love the sharpness and the pop of color. Very nice work!	5	5	5	15	1
